## No Donation

Apart from the low fee structure there will be no donation for studying MBBS in abroad.

## Global Opportunities

The degree is accredited by the European Union and approved by MCI & WHO, which allows the students to practice in any of the 27 countries of European Union.

## ECTS

ECTS (European Credit Transfer System) allows students to take credit transfer to any country of European Union during the course.

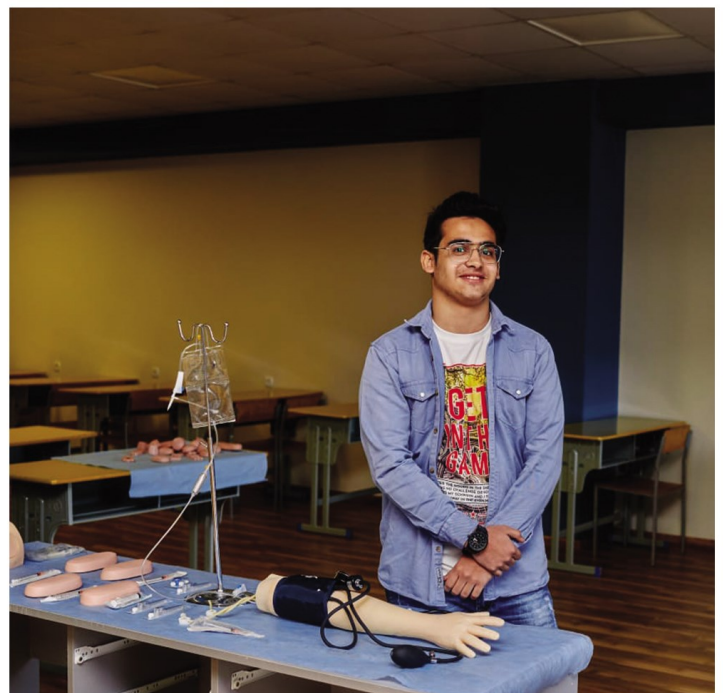

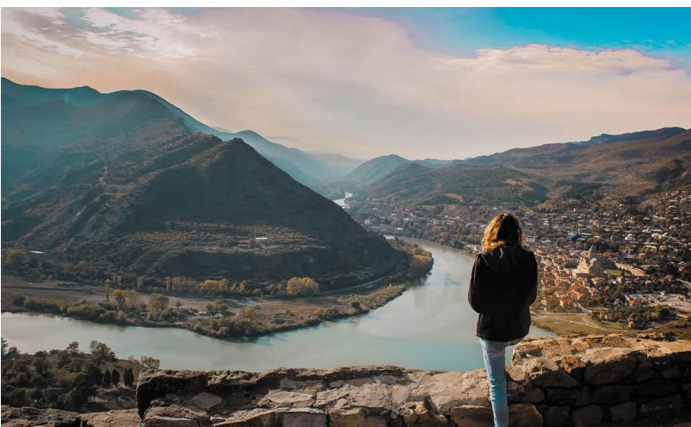

# HOW'S LIFE ” ABROAD

Apart from being a beautiful country, Georgia provides various benefits to International students, Students from India and other countries come to Georgia to take medical education.

Cost of living in Georgia is quite easy on pockets. The average food and living expenses are just around \$250 per month i.e. Rs. 18000

Georgia is an extremely safe and female dominated country. There is 0% crime and hence Indian students can travel in buses, trains or cabs without worries.

# OUR UNIVERSITY ” TIE-UPS

Staying in Georgia , we personally visited the best universities, gathered feedback from the students and then proceeded with MOU's with Universities accredited by the European Union and approved by MCI & WHO so as to ensure our students get the best quality education in a friendly and adaptable environment, ECTS (European Credit Transfer System) provides our students the freedom to study in any of the 27 Countries of the European Union
